

## Linux terminal installation guide

1. Download the archive from the MOEX FTP server:  
[https://ftp.moex.com/pub/Terminals/ASTS/Equities/Test/mxFmx\\_MoexTradeSE\\_v16.tar.xz](https://ftp.moex.com/pub/Terminals/ASTS/Equities/Test/mxFmx_MoexTradeSE_v16.tar.xz).
2. Extract it into a directory within the user's home directory (recommended).
3. Run the executable file **mxFmx\_MoexTradeSE**.

Application data:

- Settings: /home/<Username>/MICEX/mxFmx\_MoexTradeSE/.
- Cached tables and logs:  
/home/<Username>/.cache/MICEX/mxFmx\_MoexTradeSE/.

Uninstallation: Manually delete the terminal directory along with the settings and log directories.

**Important!** This version is intended for testing purposes only.
